

AWARE-AI Spring Roundtable:

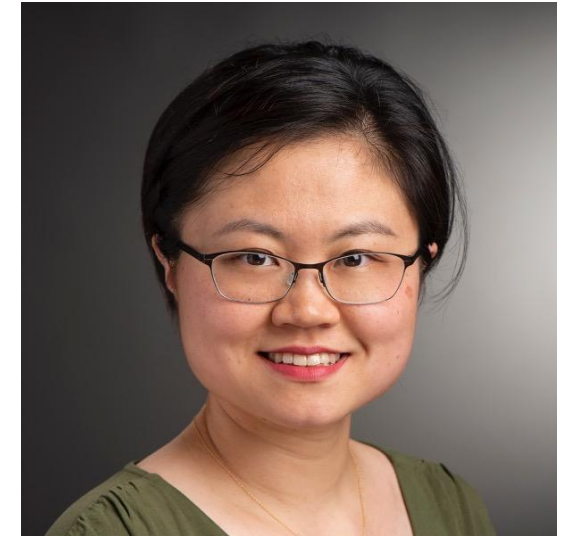

Human-Robot Teaming and AI on the Edge

March 6, 2023

www.rit.edu/nrtai

Roundtable panelists

- **Jamison Heard**, Ph.D, Assistant Prof., Department of Electrical & Microelectronic Engineering, RIT
- **Roshan Peiris**, Ph.D, Assistant Prof., School of Information, RIT
- **Ferat Sahin**, Ph.D, Department Head, Department of Electrical & Microelectronic Engineering, RIT
- **Zhi Zheng**, Ph.D, Assistant Prof., Department of Biomedical Engineering, RIT

Topic Focus

This AWARE-AI Spring Roundtable focuses on human-robot/edge device interaction. The discussion will focus on the latest research, current challenges, and what's on the horizon in the area of edge computing, HCI, and HRI within the context of the growing presence of AI.

Overarching Questions

- What is currently the most exciting technology in your field of research, and does AI currently play a role in its success?
- What is one challenge or concern researchers in your field are currently facing, especially in relation to the growing use of AI?
- What is on the horizon?
 - Where do you see your field of research 10 years from now?
 - Is there an emerging technology that requires AI for success and what can the student audience do to contribute to that future vision?

Thank you!
